

Men's Health:

A Focus on Treating Erectile Dysfunction and Urinary Incontinence

What do men do when Erectile Dysfunction pills aren't effective? Don't like the idea of expensive penile injections, suppositories, and vacuum pumps? Get the facts on an inflatable penile prosthesis (IPP): a permanent solution—*covered by many insurance plans*—which allows an erection as often as you like, for as long as you wish.

Often, men that suffer from E.D. also suffer from urinary incontinence. You are not alone!

Attend a **FREE** seminar sponsored by Coloplast Corp. to educate men and their partners about an advanced, **DRUG FREE** treatment for both E.D. and urinary incontinence.

FREE REFRESHMENTS WILL BE SERVED.

Featuring:

William Schiff, M.D.

A urologist specializing in the treatment of E.D.

Also featuring:

A patient who permanently corrected his E.D.

Saint Alphonsus Regional Medical Center

McCleary Auditorium – North
1055 N. Curtis Rd.
Boise, ID 83706

Wednesday, January 28, 2015

Refreshments available at 5:15 p.m.
Presentation begins at 5:45 p.m.

To attend this FREE seminar in person or to join the live webcast from your personal computer, please call:
(866) 233-9368.
